THE OUTLOOK IS ALL RIGHT.

Democrats Confident of Their Candidate's Election. BIG VICTORY COMING IN NOVEMBER. The Democratic Campaign Enters the October Homestretch.

In the Best of Condition and with Every Assurance of a Triumph—States Claimed and Estimated of the Majority.

Chicago, Oct. 5, 1896.—(Special.)—The political outlook at the close of September is of the most satisfactory character to the democratic national managers, who are confident that the cause of Bryan and free silver has been receiving a marked impetus during the past ten days. From every quarter—especially from the central western states—come reports that farmers everywhere are flocking to the Bryan standard, while in the cities there is every indication that an overwhelming majority of the labor vote will be cast for the free silver president. In many of the central western states the democratic managers have completed their first poll, and the returns indicate that Bryan will carry every one of them by immense majorities. A poll of Kansas just completed by the allied free silver forces shows that the Bryan electors will have 50,000 majority in that state. A similar poll of Kentucky shows that Bryan's majority will not be less than 20,000, not counting the republicans who will vote for free silver. This vote is estimated will swell the Bryan majority to 30,000. The poll shows that there are less than 15,000 gold demo-

Highest of all in Leavening Power.—Latest U. S. Gov't Report

Condition of Crops and Stock October 1, 1896. The report for October 1st is made from replies from 142 correspondents, representing 88 counties.

More interesting information is available in regard to the tobacco crop than any other at this period. All reports show the crop housed early and altogether without damage from frost. Eagerness to get the crop out of reach of the scorching sun during the cutting season, and also as a last resort from the ravages of worms, caused a considerable percent of the crop to be lost green. A consequence complaints of house burn and of bad curing are quite common.

Treated as a whole, the average, as compared with an average year, is 80. The average estimated yield per acre, as given in report of September 1st, was 788 pounds. On Oct. 1st, 74 correspondents report it good, 20 give it as average and 43 consider it bad. Considerable stripping has already been done, and it is quite evident that a general attempt to go on the market early is being made. A separation of the State in reference to the Dark and Burley district gives the following results: Reports from 12 principal counties in the export or stemming district show the average cut as compared with an average year is 60, while the reports are almost unanimous that the quality is bad. Only 4 correspondents out of a total of 18 report quality good, 3 of these being from one county.

Eight counties, in extreme western Kentucky, growing dark tobacco, report the average cut, as compared with an average year, 81. Here too, we have a general condition of poor quality, not a single report of "quality good," being received out of a total of 13 reports.

In the Burley tobacco growing counties report the average cut, as compared with an average year, 93. On quality, out of a total of 48 correspondents, 37 report quality good, 7 report it as an average, while only 4 consider it bad.

THE TREACY SALE. The sale of B. J. Treacy's horses, which took place at Brassfield & Co.'s sale mart on South Broadway, on October 5 and 6, was, when taken all in all, a success. The stock was in first-class shape and those that could show well brought good prices. The plums of the sale on the first day were Tumbler, the black two-year old by Bermuda, out of Tinnie B, 2:27, and the bay colt, Allen, by Allie Wilkes dam Clara Bradley, by Indiana. Nearly all the offerings were yearling and two-year-olds, and the average of \$355 is by many regarded as quite good for the time. The largest purchases was W. H. Stoval, of Stoval, Miss, who bought eleven of the youngsters, among them being many bargains. Mr. George Watson, of Glasgow, Scotland, was also a large buyer, securing some of the choicest animals by the offerings. This is literally a "dispersal" sale of horses sold going to nearly every State in the Union, besides Scotland and Canada. The number of horses sold was 48, the total number realized being \$6,467—an average of \$135.—Lexington Stock Farm.

THE BONDS ISSUE ONE EVIL RESULT OF THE GOLD STANDARD. The recent issue of 262 millions of bonds in the time of peace illustrates another serious evil of the present monetary system. The necessity of the government is under of redeeming greenbacks in gold upon demand enables scheming men to draw large amounts of gold from the treasury and then sell to the government, "your reserve is low; you must have gold or you will be in danger of failure to keep your promise in respect to specie payment,—issue bonds and get the gold back again." So the schemers get the bonds for the gold, sell the bonds at a premium, take the greenbacks they get for the bonds and draw the gold out of the treasury again, all the government is frightened into a new issue of bonds, and so on in an endless chain, and these millions of dollars that are issued to keep up the gold reserve have secured to the people nothing at all of any real worth to them. The speculators simply drew out gold in order to speculate on the bonds that would be issued to get it back. The government might start with thirty millions of gold in the treasury, and through the repetition of the above process, issue a billion of bonds, and at the end be just where it started, with thirty millions of gold in the treasury, and not a thing to show for the billion of debt but the keeping of a foolish promise that is of little advantage to any one except the schemers who have found out how to get it to a bond printing press and make it turn the people's money into their coffers as fast as they dare to turn up the current.

CHINCH BUGS. Chinch bugs are still abundant, and many farmers are holding up their hands on that account. No damage to wheat from them this fall need be apprehended, but as to their presence next year only the future can decide. In the meantime no opportunity should be lost of destroying such rubbish about the farm as might offer harboring places during the winter. Old straw stacks in the fields should be examined, and when found to be infested with bugs should be fired. LUCAS MOORE, Commissioner of Agriculture.

WHAT DEMONETIZATION HAS DONE. The demonetization of silver has checked our advancement as a nation, and brought us under tribute to thieves; but we succeed in securing its demonetization, the wheels of progress will turn again, and the people will refresh their spirit "like a young giant refreshed with new wine."—U. S. Senator, J. F. Jones, in October Arena, from Advance Sheet.

Mr. James McAllister, of 162 East Main Street, Lexington, Ky., says: My hair had fallen out until I had come to the conclusion that I was soon to have a bald head.

Hearing so much talk about Nelson's Hawaiian Hair Elixir, I decided to give it a trial. I purchased two bottles, have used a bottle and a half. My hair has thickened up until I have as good a suit as I desire. It will certainly do the work. Besides it is an elegant hair dressing; gives life to the hair and invigorates the scalp. Those similarly affected can't make a mistake in trying it.

JAMES McALLISTER.

WINCHESTER, Ky., May 18, '96.

Dear Sir:—The Hawaiian Hair Elixir is worthy of every statement you make for it. Send six bottles more by express. Very truly,

BIEHN & DONOVAN.

The above men bought it only for use in their own families.

## BRECKINRIDGE UNDER THE CABIN.

Many of the gold Democrats here have declared that W. C. P. Breckinridge would never be voted for as a Republican, and that his name would never appear beneath the Log Cabin. It appears, however, that they will be disappointed. Word comes that he will be under the Cabin in the column with the other Republicans.

## WHOM ARE THEY SPEAKING FOR?

Last night Hon. R. T. Tyler and Luther Willis spoke here at the Court House. On October 19, Hon. Wm. Lindsay and John R. Fellows will also speak here. Their announcement says they will speak for the National Democratic Party.

That party has no candidate for Congress, nor has it a candidate for the Court of Appeals. No one here knows or cares for a single elector on that ticket. What is their object? Whom are they speaking for?

There could not be a greater insult offered the citizenship of Madison county than for these gentlemen to state that they desire Democrats to vote for the National Democratic ticket.

Every Democrat, and Republican too, knows that the object of these gentlemen is to secure votes if they can for Davidson and Burnam and the Republican ticket generally.

Our people would have a much greater respect for them if they were to come out squarely for what they desire and lay aside their false pretenses.

## THE PLOT EXPOSED.

Hereunder is presented a circular that has been sent out all over the United States. Its purpose is fully set forth and proves conclusively that the Palmer-Buckner crowd is more interested in defeating Bryan than in electing their own men.

THE DEMOCRATIC HONEST MONEY LEAGUE OF AMERICA, 15 WEST 24TH STREET, NEW YORK CITY.

The object and purpose of this organization is to neutralize by education, and, if possible, destroy the poisonous doctrines enunciated by the teachers of the free-silver apostles and enunciated at Chicago as the creed of the Democratic party, and to defeat the nominees of the so-called Democratic Convention.

To demonstrate as speedily as possible, before the election, by enrollment of honest patriotic citizenship of Democratic faith—men who love country more than party machinery or spoils—the fact that the commercial, financial and political structures of this country are safe and inviolable, to the end that business enterprise may resume and honest labor find employment and a market for its product before the coming winter.

All Democrats opposed to the Chicago platform are invited to enroll.

A descriptive catalogue, samples of goods and self-measurement blanks sent on application. Prices for suits \$2.00 to \$24.00 each. W. D. Ham, Factory Agent.

Colonel J. Stone Walker, of Richmond, Ky., the most popular banker and gold-standard man in Central Kentucky, was at the Gibson and stated to Colonel Jake Feinheimer and an Engineer man that he was going to vote for Bryan and the Democratic ticket. This means many votes to the Democrats in that district, where Colonel Walker has hundreds of friends.—Cincinnati Enquirer.

Infant daughter of E. T. and Minnie Dunigan died Monday. Remains carried to Waddy, Shelby county, and buried yesterday.

Second Crop.

Dr. G. W. Evans has a pear tree with the second crop of pears, this year. Raymond Shearer, Sr., this county, also has a pear tree with the second growth.

Sale.

Administrator's sale of H. D. Shifflet, on Thursday, Oct. 8, well attended. Cattle \$2.65 to \$2.75. Mules \$1.00 pair. Corn 30 cents to \$1.05 at the shock. Cows \$20. Farming utensils and household sold low.

For Sale Keeping.

Work on the jail is progressing nicely. The prisoners carried with serious offenses are in the Richmond jail. Small fry, such as plain drunks, are cooled out in the work-house cells.—Lancaster Record.

At the Second Presbyterian.

Rev. Dr. John Warrall, of Danville, will preach at the Second Presbyterian church, this place, Sunday morning and evening. He was prominent in the recent Grand Commandery ceremonies. You are cordially invited.

Come to Stay.

Frank Miller, manager of the Bluegrass grocery, has an ad. in to-day's CLIMAX. He is selling 22 pounds of sugar for \$1. Other houses are cutting right after him, and soon you may expect 25 pounds for \$1. Let the good work go on.

He Must be a Woman's Rights.

The Register discovers that there are 16 Chemists in the county for silver and 1 for gold. In the list given by the Register, the name of Hon. A. T. Chennault does not appear, from which we infer that "Uncle Tiff" is neither a silver nor gold man but belongs to the Woman's Rights party.

Amputated The Third Time.

Allen Tabor, of Cottonburg, had twice had his legs amputated, and for a long time has walked on his knees. Last week he called Dr. Foster and had one cut off above the knee. When he awoke from the anesthetic, his wife asked him how he felt. "With my fingers I can always do," was his reply. He is doing well.

Bought a Farm.

A. M. Davison, of Silver Creek, bought the J. P. Emory farm of 100 acres, including the house, at Commissioner Scott's sale, last week. Price, \$5,000. The possession January 1st. Mr. Davison has for several years been with W. S. Hume & Co. and Hume Bros. & Co. He will now turn his attention to pigs, ducks, pumpkins, gooseberries, fast horses and similar farm produce.

A Fine Lot of Cattle.

Harry Crawford delivered Wednesday to S. D. Goff 127 of the finest cattle seen in this county for many years. They averaged over 1,000 pounds. The price was private, but realized Mr. Crawford a handsome sum.—Winchester Democrat.

Mr. Crawford lives in Madison and owns the Larimore river-bottom farm near Doyleville.

Broke Her Back.

On Sunday morning, while playing in front of the Harry Wilkes Park stables at Moberly, this county, the fat trotter Infa, property of D. S. Wilcox, fell and broke her back. She has just returned from a trotting tour of Tennessee, and was entered in the 2:20 class at Lexington, for a purse of \$2,000. Mr. Wilcox had offered a big price for her.

WACO, KY., Oct. 12, '96.

Editor CLIMAX:

Please announce in this week's paper that the County Teacher's Association will meet at the Waco Baptist church, Saturday, Oct. 17, at 10 a. m. Dinner on the ground and all invited to attend.

Very Respectfully,

S. O. DUDLEY.

D. of C.

The Daughters of the Confederacy organized last Saturday morning and elected Mrs. Maria Lynn Prosser, and Miss Kathleen Peyton Secretary. Forty names are enrolled as members. This organization can accomplish a great deal of good in an educational, social and charitable way. The membership fee will be small and the annual dues only 10 cents.

Bronson Beat.

After the 7th District Democratic Convention adjourned and appointed a day for a primary election, the matter was reconsidered and another convention held at Fri-day, 10th. It resulted in the nomination of Settle by a vote of 874 to 835 over Bronson. Carroll was dropped on the 40th ballot, and his strength went to Settle, which settled it. The 40th ballot stood: Bronson, 643; Settle, 564; Carroll, 473.

Will Meet on Historic Ground.

Madison county teachers will meet at Boonesborough on Saturday October 17, in open air.

Program.

Prof. J. H. Chandler, "Public Schools and Patriotism."

Mrs. John Williamson, "Modeling in High School Course."

H. H. Brock, "Kentucky History in Public Schools."

French Tipton, Historic Points about Boonesborough."

Miss Mary Bennett, "Women in Kentucky History."

Rev. Dr. Young, "The Teachers in relation to some Questions Affecting the Public Mind."

Mistake of Name.

Last Wednesday's CLIMAX contained the subjoined paragraph which had a name wrong. It is now reproduced correctly:

Mrs. Mary Fife was found dead in bed at the home of her son-in-law, Brutus White, near Richmond, on Thursday morning. She was awake at 3 o'clock and took some medicine, but at 7 was dead. She was 92 years old. Buried at the family burying ground. She was a consistent member of the Presbyterian church. The late Wm. Fife, this place, was a son.

Our clothing buyer seems to have hit the mark right in the center this time. The buyers are not saying, "Why aren't they trimmed so and so?" or "why are they so and so?" But the expressions are "How pretty" and "how cheap!" The prices are graded to suit all pockets, but the cheapest have the same quality cut as the higher priced goods. Covington & Mitchell, Chicago.

Hon. John B. Thompson made seven speeches in this county last week. Mr. Thompson is considered one of the best lawyers in the State, but has never been a campaigner. No man, however, has improved more than Mr. Thompson since he has taken the stump. His speeches were received with enthusiasm and applause in every part of the county. The people appreciate his pluck and manhood in coming to their rescue when they were without a leader. Thompson will get the hearty support of every true Democrat in Madison county and every man who believes in the restoration of silver.

Married.

Nat Baldwin and Miss Beulah Davis, Nicholasville, were married, Monday, at Lexington. Mr. Baldwin is a son of Lewis D. Baldwin, killed by Col. Tom Green, and has many relatives in this county.

"A Yankee Drummer"

Was presented last night to a crowded house. To say it pleased, is out of the question, any one within blocks could hear the audience throughout the entire performance. It is a four act drama full of business and Jones as "Simon Hummer" takes the cake. Miss Walton as "Zanna," Miss Hott as "Duggles," the mischievous boy, and Miss Brown as the "Widder" are excellent. Not a weak character in the entire cast. The specialties during play are excellent.—Beaver Falls (Pa.) Times.

Musical Concert.

On the night of October 23rd, the ladies of the Methodist church will take possession of the auditorium of Hotel Glyndon and give a concert for the benefit of the organ fund.

Those who take part are: Prof. Bloom, of Cincinnati, violinist; Miss Mary Patten, Miss Platt, Messrs. Macfield, Miss Keith, Mrs. H. B. Hanger, Mrs. Jason Walker. Does this list not assure a charming entertainment? A small fee of admission will be charged. No one at all fond of music can afford to remain away.

Died.

Mrs. Annie Harris died on Saturday morning, October 10, 1896, at her home, at Blythe school-house, of flux aged probably 70 years. Buried in Richmond cemetery on Sunday.

Her husband, Ans Harris, was in Capt. Stone's company in the Mexican war, and drew a pension on that account. He was also a member of Tribble's company, Chennault's regiment, and was killed at Greasy Creek, Tenn., 1863.

Mrs. Harris was the mother of Ans Harris, this place. She was a good woman.

Mrs. Stoner Dead.

Mrs. Alice Rogers Stoner, wife of Col. Robert G. Stoner, died at the family residence, "Oakland," near this city, Monday night, of acute inflammation of the stomach. Mrs. Stoner has been ill for three weeks and her case had been despaired of from the start. She was 46 years of age, and leaves, besides her husband, two children, Warren and Mrs. S. P. Clay. The funeral will be held from the Christian church at 2 o'clock yesterday afternoon, with services by Elds. J. W. Sweeney, L. H. Reynolds and Dr. E. H. Rutherford. The remains were then placed in the family lot in Paris cemetery.—Paris Reporter.

Old Books.

We have just come into possession of a relic. It is a small, leather-bound volume, embracing grammar, arithmetic, book-keeping and letter writing, published in "Coke, Ireland, against (meeting opposite) London Tavern, 1758."

Here are two entries on a blank leaf: "Jabez M. Tipton." "Glory, glory be to God, the war is at an end." This last referred to the Revolution.

Another rare book received at the same time is Bailey's English Dictionary, "Editing a third edition published 1783," being a copy of the 25th edition.

We are indebted to Mrs. Lou Tipton, of Brookstown, for these relics.

An Elopement.

Wednesday, shortly after noon, Gus Lockman, son of Chas. Lockman, went to the public school building on Hickman street, where he was joined by Miss Lida McKinney, a daughter of Policeman Marion McKinney. The couple went to Richmond, where the horse and buggy were found some time later, but the couple had gone to Lancaster to be married. The bride is only fifteen years old.—Winchester Democrat.

The couple, accompanied by another couple, came to Richmond by private conveyance, which they abandoned. They walked about town a little, and finally left by way of the water works tower and made a detour of the western part of town, coming into the Lancaster pike, a mile or two out. Austin Stone carried them to Lancaster. Burrs, Spanish needles, rag-weed dust and similar decorations adorned their clothing upon their coming out on the pike.

Two Winchester policemen followed them to Richmond, but "love laughs at locksmiths," and as usual, the pursuers were not successful.

An Advertiser's Dream.

A certain merchant-it doesn't make any difference what his name is, or what his address is—is a man who believes thoroughly in advertising, and the result is he has the biggest business in his town. So much, indeed, that he works so much on week days that when he goes to church on Sundays, as he always does, he generally goes to sleep as soon as the preacher gets well started in his sermon.

Not long ago a visiting clergyman filled the pulpit, and our friend, being unaccustomed to him, he slept rather uneasily, starting up every now and then as the minister grew emphatic and almost shouted the words of truth at the congregation. When the sermon was about two-thirds over the preacher called out: "Brethren, why stand ye here all the day idle?"

"Because they don't advertise," sung out the half awakened merchant, and the way his wife grabbed him and shook him into a sense of his situation, almost broke up the meeting.

WANTED—PATIENT MEN OR WOMEN to travel for responsible established house in Kentucky. Salary \$750 and expenses. Enclosed self-addressed stamped envelope. The National Star Insurance Bldg., Chicago.

# Scattered the Family Along the Road.

On Friday, a family, consisting of a man and his wife and eight children, were driving in a covered wagon, loaded with household goods and drawn by two horses, along the pike by Fort Estill. The horses started at the breaking of the doubletree, and ran down the long steep hill. The man was thrown out and run over. The woman and six children jumped out and were considerably bruised. Two boys remained in the wagon and were not hurt. A fence post leaned over the road at one point and the wagon coming in contact with it, lost its top and much of the furniture was scraped off and left. The horses were caught near Boggs's, having run about two miles.

Dr. Bales relieved the suffering and W. C. Hundley collected the scattered cargo and brought same to the Richmond Hotel.

Remarkable Day's Work.

We got behind on composition one day last week. All country newspapers will readily understand what that means. While we were tearing our hair, the old war horse, Capt. White said, "shut up that mouthpiece, don't just keep your shirt and a tune in copy." This was about 7:50 o'clock in the morning, and we waded in to keep the Captain and the other boys supplied. He rushed us so close that an investigation was made about 4:30 in the afternoon and it showed that Capt. White had set three full galleys of leaded brevier up to that time having stopped thirty minutes to eat his lunch. Now the most remarkable thing is that two galleys were "O. K." and the third comparatively clean. Capt. White is in his 77th year and we defy any one of his age to beat this day's work. At the close of the war he resumed work in a printing office and has been setting type for fifty years. On several occasions recently he has set three galleys (or columns) but it was from re-print. When he "throws in" his own cases, there is seldom a mark on his proofs.—Lancaster Record.

Capt. Frank White is a native of Richmond, "Printer Jim" began as an apprentice in Richmond in 1810. "Old Printer" White, this place, is a half brother of Capt. Frank, and can set some type himself.

She was a sister of William Green, deceased, who lived out on the Lancaster pike.

Respect the Stomach.

Few people do have proper respect for the stomach. If a thing "tastes good" and is not so hot or so cold as to be painful to the mouth or throat, it is swallowed by too many people regardless of consequences.

Do not give the stomach food that will irritate it or retard it in the performance of its natural functions, or it will retaliate in way that is decidedly unpleasant. A headache, a "lump" or "heavy feeling" in the stomach, and irritations of the skin, are mostly symptoms of disordered digestion resulting from unwholesome food.

Alum baking powders are responsible for the larger part of this unwholesome food. It is well recognized by physicians that alum renders food indigestible and unwholesome.

The danger to health from this cause is so imminent that it behooves every one to adopt precautionary measures to keep alum baking powders, which are now so numerous, from the kitchen stove. It will be found that these powders sold at a lower price than Royal are almost invariably made from alum, and therefore of inferior quality and dangerous to health.

The safer way is to look for the well-known red-and-yellow label of the Royal Baking Powder. That is certain to cover the powder from alum. The Royal is made of cream tartar, a pure, wholesome fruit acid derived from grapes. It is renowned for adding anti-dyspeptic qualities to the food, as well as for making finer and better food.

Combination Celebration.

On last Wednesday, October 7th, the venerable Raymond Shearer was 83 years old. On the first day of September his wife was 72 years old, and that same day was the 50th anniversary of their marriage. So they combined the three events in one. The celebration was a most interesting one. By the way, September is a "fatal" month in the family, as a number of marriages have taken place in September from time to time.

Mr. Shearer was a son of Matthew Shearer, a pioneer from Virginia, who, among other adventures, was with Anthony Wayne, at Fallen Timbers, the struggle that caused a cessation of all hostilities on the part of the Indians. Mrs. Shearer was Miss Julia Gordon, of Clark county. The two are members of long standing of the Christian church. They have five children, eighteen grand children, and four great-grand children, the children being James and Mrs. John Green, Winchester, Raymond, of Hunt, Clark county, Mrs. James W. Huguley, of Red House, John W., of White Hall, all of whom were present, except James. Ten of the grand children were present.

Among the relatives and friends present were: Ad Shearer and wife, Sam Shearer, J. W. Huguley and wife, John W. Shearer and wife, William Reeves and wife, Raymond Shearer, Jr., and wife, Mrs. Stephen Green, Miss Hattie Huguley, Andrew Baxter, R. P. McCord and wife, French Tipton, Milton Kimbrell, Hiram Reeves, Mrs. Maggie Green, Mrs. John E. Old, Miss Lizzie Kimbrell and Mrs. Polly Green, the last named being in her 88th year, but physically and mentally strong.

The dinner constituted the entire celebration, was not only bountiful but of great variety and deliciously cooked—old turkey, ham, corn, pork, beef, all the vegetables of the season, hot coffee, ice tea, various breads and pickles, sherbet, ice cream, white cake, black cake, fruit cake, sponge cake, pound cake and numerous extras.

Mr. Shearer lived eleven and one-half miles from Richmond via Red House, beyond Brookstown, and within half a mile of where he was born. Like Gen. Clay, he is one of the few men in the county who can say: "My father fought the Indians." Here's hoping that he and Mrs. Shearer, both of whom are in good health and spirits, may live to celebrate many more anniversaries of their birth.

# Gladness Comes

With a better understanding of the transcendent nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. It is the only remedy with millions of families, and is everywhere esteemed so highly by all who have used it, that its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase that, you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. One afflicted with any actual disease, one may be commended to the most skillful physician, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

LOUISVILLE TOBACCO MARKET.

PUBLISHED BY GLOVER A. DEBNETT, LOUISVILLE TOBACCO WAREHOUSE.

Sales on our market for the week just closed amount to 2,947 hbls., with receipts for the same period 1,323 hbls. Sales on our market since January last, amount to 138,180 hbls. Sales of the crop of 1895 on our market to this date amount to 133,119 hbls.

The offerings of burley tobacco this week have been very poor in quality. The good to fine grades and the medium clean reds in good condition have sold fully up to prices current for some time past, but all the other sorts were irregular and easier until Friday, when the market was more active and prices somewhat better for the latter grades. There has been a few hbls. of new burley sold this week, the quality of which has been poor and prices low.
